## **ENVIRONMENTAL IMPACT**

Trillium Lakelands District School Board is committed to delivering effective environmental education and to modeling environmentally responsible practices as well as to raising environmental awareness for all staff, students, trustees and the community. TLDSB will consistently consider the impact on the environment of decisions that are made in the delivery of curriculum and in the daily operations of our school board.

The Board encourages staff, students, and the school community to promote and follow sound environmental practices which are consistent with a healthy, safe, and sustainable environment.

Through these efforts, TLDSB endeavours to "...prepare our young people to take their place as informed, engaged, and empowered citizens who will be pivotal in shaping the future of our communities, our province, our country and our global environment."
