## **COMMUNITY USE OF SCHOOLS**

Trillium Lakelands District School Board strongly believes that school facilities should be available to the fullest extent possible for education, cultural or recreational activities and community service. However, the Board does not allow alcoholic beverages to be served on board property. Community use of Board facilities must take into consideration the need to maintain school educational programs, legal guidelines as set out in the *Education Act* and maintenance and budgetary concerns. The Board reserves the right to refuse permission to any organization to use Board facilities.

Priority for the use of Board facilities will be given to Trillium Lakelands District School Board school-related activities. Priority will be given in the following order:

- School Related Activities
- Community youth activities
- Community adult activities
- Private or corporate activities
