

Forward By: Jim Dillon, property owner and rate payer ...with added comment.

Both the Honey Harbour Public School and Our Lady of Mercy Catholic School could close in 2017.

The Honey Harbour Association (HHA) has supported the development of Honey Harbour since its founding in 1908. ... *original letter is posted as part of ARC correspondence*

Please help Save Our Schools.

Thank you. Peter Koetsier, President, Honey Harbour Association

My Added note:

I Jim Dillon A "Property Owner" "3982is980" and a "Rate Payer" in Honey Harbour I believe its totally out of line to ask kids to go so far to school every day. Its my belief that the condition would compromise their safety especially during the winter months. I can't believe that saving some money by closing the schools is more valuable then the safety and well being of the kids involved.

Please find another way to keep the schools open and running.
