Good morning Catherine

I hope you had a great weekend – beautiful but a tad chilly this morning up here.

Our Community meeting on Saturday about the school closures went well – most people were looking for answers and asked lots of questions.

One thing that came out of the meeting were questions about the actual ‘costs’ for running HHPS – both income (from the Board and the Province) and expenses including all wages.

Can you provide that information to me? If not, who do I contact to obtain it?

Thank you and have a wonderful day.

Kath
