Larry Hope
Director of Education;

I am writing to share some concerns I have over the possible consolidation of Lady Eaton Elementary School and Scott Young School in Omemee and our future here.

We currently rent the daycare space and two classrooms at Lady Eaton from Trillium Lakelands District School Board. We have been in the building for 24 years and work closely with the Lady Eaton student/staff body and families. We provide full time service to 75 families and 102 children, most of whom are Lady Eaton students or future students. We currently have a waiting list of 44 families in the community. We also offer a before and after school program for both schools.

We would appreciate your consideration of including the need for this in our school community now, and in the future, when the decision process begins.

Any updates, would be appreciated as I feel it is important to keep our families informed as well. If you have any questions for me, please do not hesitate to call me anytime.

Thank you in advance,
Gwen Rich
Supervisor
