Administrative Reports

2019-2020 Budget

Trustees approved a \$209,742,450 operating budget for the 2019-2020 school year.

Audit and Accountability Fund Application

Trillium Lakelands District School Board (TLDSB) has been considering applying to be one of 10 school boards in Ontario participating in an audit funded through the Ministry of Education Audit and Accountability Fund.

Trustees approved supporting TLDSB senior administration to apply for an external audit of Information Technology Services. Based on the criteria, an audit would include a review of the TLDSB technology infrastructure and regional efficiencies, among other considerations.

It is hoped that the audit will result in efficiencies and cost savings to the Board. A final report will provide recommendations designed to maximize relevance, affordability, value-for-money, efficiency and effectiveness of programs while minimizing administrative costs.

Announcements

Executive Officer of Employee Services Appointment

Jennifer Anderson was appointed as the Executive Officer of Employee Services effective July 22, 2019, replacing retiring Superintendent of Employee Services, Dianna Scates.
