HEALTH AND PHYSICAL EDUCATION: EXEMPTION PROCESS FOR THE HUMAN DEVELOPMENT AND SEXUAL HEALTH CURRICULUM EXPECTATIONS

Trillium Lakelands District School Board believes a well-rounded educational experience including the study of Health and Physical Education supports social-emotional learning, physical health, mental health, inclusion, and academic success for all students. Trillium Lakelands District School Board respects the parent/guardian role in their child's learning and understands that families may choose to approach or teach topics related to Human Development and Sexual Health in a manner or at an age that differs from what is outlined in the Health and Physical Education Curriculum in Grades 1-8.
